

Luzerne County Hazard Mitigation Plan Public Open House on March 10th

Luzerne County is updating its Hazard Mitigation Plan (HMP) and would like your input and participation in the process.

Join County Officials to Learn More about Hazard Risk in Our Community.

Have you experienced issues with flooding, winter storms, or other hazards? Learn more and provide feedback on how to address risks in your community by attending the Luzerne County HMP Open House!

IN-PERSON OPEN HOUSE
MONDAY, MARCH 10, 2025
4:00 pm – 7:00 pm
Luzerne County Operations Building <u>Address:</u> 1199 Wyoming Ave, Wyoming, PA 18644 <u>Room:</u> Media Room

What is the HMP?

Every five years, the county must update their HMP, a community-driven plan that jurisdictions and other planning partners use to identify their vulnerability to hazards and create a strategy to address them. The plan guides risk-informed decision making in our community. In addition, the county and any participating jurisdictions become eligible for significant federal funding resources when they adopt the plan after its update. You can view the 2020 plan at this link: <https://www.luzernecounty.org/298/Hazard-Mitigation-Plan>

Why Should I Attend the Open House?

This Open House will serve as an opportunity to ask questions, learn more about the plan and update process, and share information or experiences that will help make the plan as detailed as possible! All residents, business owners, and other stakeholders are encouraged to attend and get involved in the update process.

What Can I Do in the Meantime?

- You can stay up to date on the project and access participation forms by visiting the project website at <https://www.pennsylvaniahmp.com/luzerne-county-hmp>
- Take the public survey to share your feedback on hazards risks in your community here: <https://www.surveymonkey.com/r/luzerne-county-hmp-survey>

For any questions, please contact Devon Benne, Luzerne County HMP Project Manager, at devon.benne@mbakerintl.com or 215-861-9311.
